## Estimated Cost for additional Tournaments

### Additional Tournaments or Leagues:

ETFC teams will attend additional tournaments or leagues during the soccer year. These tournaments provide high level competition in and out-of-state, expose our teams to college coaches, and offer a way for our teams to spend time off the field with each other. With guidance from the Director of Coaching, our head coaches select these tournaments with appropriate level of competition, affordability, and availability of players in mind. ETFC will bill all attending players at the conclusion of these tournaments the following cost.

Teams that play in the top Premier league in Oregon and finish in the top 3 or win State Cup typically qualify for the National League Northwest Conference. If we do qualify and if the coaching staff supports to compete in a regional league in addition to the Oregon League, we will register our teams. This typically means an additional 5-8 games and some travel to WA and possibly Idaho.

Tournaments in driving distance in Oregon, Washington      \$70-100 (estimated)

Includes:      Tournament registration fee  
                 Coaches hotel cost  
                 Coaches fee  
                 Coaches per diem

### **Does not include: Player transportation and accommodation**

Out-of-state tournaments with airfare      \$130-180 (estimated)

Includes:      Tournament registration fee  
                 Coaches hotel cost  
                 Coaches airfare  
                 Coaches pay and per diem

### **Does not include: Player transportation and accommodation**
